### A LITTLE ABOUT SOME OF OUR DESTINATIONS

#### **Koh Rang Yai:**

Is an Island off the east coast of Phuket close to the Royal Phuket Marina. The island hosts a pearl farm and is famous for its cultivation of pearls. It is a tropical island with a nature trail, pearl / gift shop and has its own beach and restaurant serving local affordable cuisine and drinks. Deck chairs are available for a modest charge.

#### **Egg Island**

A little further out into the Andaman Sea sits Egg Island. This island is a firm favourite with guests. Clear waters, rocky pools and sea life abound with a sandy beach. You can feed the fish from your hand in shallow waters. There are a few local gift shops and 'bars' set up daily.

#### **Phang Nga Bay**

Just north east of Phuket we find Phang Nga bay which abound with stunning lime stone cliffs that rise dramatically from the waters of the bay. The islands of Phang Nga bay are rich in wildlife and have many large 'caves' and 'hongs' and unique rock formations that simply fascinate. In this area we also find mangrove rivers winding their way up to the mainland. The Sea Gypsy Village built entirely on stilts and the famous James Bond Island is also in this area. **This area is accessible all year round !**

#### **James Bond Island**

This world famous island featured in the James Bond film "The Man With The Golden Gun" and is a must see site.

#### **Krabi**

The Krabi area provides us with a variety of beautiful islands and beaches. Railey beach sits on a small peninsular isolated by sheer cliffs and only reachable by boat. The other island in the area offer spectacular scenery and beach you will remember forever.

#### **Phi Phi Islands & Maya Bay**

The two islands of the Phi Phi group are located east of Phuket and offer spectacular scenery and crystal clear waters and abundant reefs. The main island also host many local shopping opportunities and cafes / restaurants. Very popular destination. Snorkel the archipelago's coral reefs or climb to one of the many lime stone look out points will settle in your memory forever.

Maya Bay (Where the movie 'The Beach' was filmed) has white sandy beaches and an amazing array of sea life in crystal clear waters.

#### **Koh Racha Yai**

This is a very picturesque island almost due south of Phuket and is well known for the sparkling clear waters and enormous variety of sea life. There are many shallow reefs and you can see small tropical fish through to Great Barracuda and Squid in their natural environment.
